BHARAT SHIELD

Empowering safety,extinguishing risk

Fire Safety Design Capabilities

Comprehensive fire safety design capabilities including hydrant, sprinkler, alarm, suppression, and evacuation systems as per national and international standards.

Fire Hydrant and Sprinkler System Design

Fire Alarm and Detection Systems

Gas Suppression System Layouts

Pump Room Design and Automation

Smoke Management and Evacuation Plans

Hydraulic Calculations and System Sizing

3D Modelling and As-built Documentation

Fire Safety Project Execution & Erection

Our project execution covers end-to-end delivery of fire safety systems:

Supply, Installation, Testing & Commissioning (SITC)
Fabrication of Fire Lines, Header and Risers
Panel and Pump Room Installation
Electrical & Control Integration
AMC & Maintenance Contracts
Safety Audits and System Upgrades

Fire Safety Products

We supply certified products with warranty

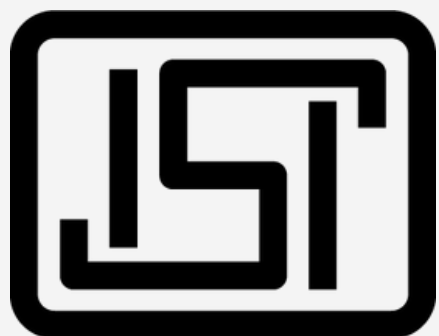

Fire Hydrant Valves, Landing Valves & Hoses
Automatic & Manual Fire Alarm Systems
Sprinklers, Nozzles, and Branch Pipes
Fire Pumps and Jockey Pumps
Control Panels and MCCs
Smoke Detectors and Beam Sensors
CO2, Foam, and Water Mist Systems

Bharat Shield – Our In-house Brand

Bharat Shield is the in-house brand of Bharat Engineering and Services Pvt. Ltd., offering BIS-certified, high-performance fire extinguishers suitable for industrial, commercial, and residential applications.

Product Range:
ABC Dry Powder Type
CO₂ Type
Foam Type
Modular Automatic Extinguishers
Trolley Mounted Systems

Why Us

End-to-end fire safety solutions from design to commissioning

In-house team of certified engineers and technicians

Use of BIS-approved and tested components

Proven track record across industrial, commercial, and government projects

On-time delivery with assured quality and compliance

BHARAT SHIELD
Empowering safety,extinguishing risk

Our Commitment

Delivering safe, sustainable, and compliant fire protection systems.

Ensuring reliability through innovation and continuous improvement.

Providing lifetime service support and maintenance assurance.

Upholding integrity, quality, and client satisfaction in every project.
